Digital and Web – Film – TV – Music – Print Media – Games – Content Marketing Solutions

Transcendent Media Capital Ltd is a global media production company, which specialises in the production of entertainment content focusing on high-quality, high social impact stories, in the form of feature films, short-films, documentary, digital and social media products, television, music and print media. TMC employs convergent media strategies to commercialize one piece of intellectual property across media sectors, which maximizes investor value, pre-builds audiences and self-generates demand from international distributors. Keeping abreast of technology developments, TMC innovates interesting and interactive ways to engage audiences with its content.

Our Values

- **Integrity** – Being who we said we would be in all actions and communications. Walking our talk.
- **Quality** – Bringing the highest standard and attention to detail into all of our deliverables. Striving for the realisation of our vision and not settling for less than the dream.
- **Innovation** – Bringing creativity and innovative vision and thinking to all of our projects and how we choose to deliver and commercialise them. Supporting entrepreneurship.
- **Inclusivity** – Providing a platform that is globally inclusive, where all voices and points of view can be heard, grounded in knowledge and resource sharing.

Our Mission

- To tell high-quality, social impact stories for international distribution that deliver returns to our investors whilst making a positive difference in the world.

Our Vision

- To create a safe place where people can use story-telling to heal conflict and contribute to productive problem-solving globally.
